LEGAL REQUIREMENTS

Current legislation places a duty of care on all building owners and occupiers to ensure their doors and shutters are regularly maintained by a competent organisation or person. Records to this effect are required by law. The main regulations are:

- The Workplace (Health, Safety and Welfare) Regulations 1992
- The Fire Precautions (Workplace) Regulations 1997
- The Provision and Use of Work Equipment Regulations 1998

To help you meet your obligations under the above regulations and ensure continued safety in use, Attenborough Doors will promptly provide a qualified and trained Engineer to carry out reactive repairs and maintenance works as required.

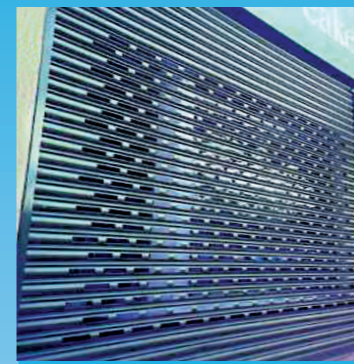

DECLARATION OF INCORPORATION

NOTE: It is our policy to supply doors that meet all relevant building regulations and Health & Safety requirements wherever it is practical and we urge our customers to familiarise themselves with their onward obligations. For further information please contact Attenborough Doors on 0115 930 0815.

Our policy is one of continuous product development. We reserve the right to make such alterations in design and manufacture as considered necessary without notice. Drawings, specifications and other details are not binding in detail.

INDUSTRIAL & COMMERCIAL ROLLER SHUTTERS
